

PROFESSIONAL EXPERIENCE

| | | |
|----------------|--|---|
| 2016 - 2018 | Co-Owner/Production Manager Sketchpad Gallery | As co-owner of Sketchpad Gallery in San Francisco, I oversaw all aspects of print production, show curation, event management, online store, and online sales fulfillment. Event openings exceeded 500 people and in some cases over 10000. I also managed all aspects of the brand and social media outreach. |
| 2007 - Present | Senior Adjunct Professor California College of the Arts | Created curricula for several classes in BFA Illustration and MFA in Comics departments, including Web Design, Comics, Comics Techniques, Ink Media, Narrative Illustration, and Illustration Thesis. Also acted as Program Expert for Illustration. |
| 2004 - Present | Freelance Designer / Illustrator | In my role as a freelancer, I did a diverse range of work including front end coding, prototyping, web design, branding, graphic design, and illustration. In this time I won several awards, had numerous media features including an interview in Communication Arts, and was invited to show in three solo exhibitions. Clients include The New York Times, Wired, Popular Science, Variety, The Atlantic, Tor Books, Mondo, the Canadian Government, and hundreds more. |
| 2010-2011 | Senior Front End Developer VolunteerMatch.org | Wrote and implemented all front end code, bridging the Product and Development Teams. In addition to coding, I created prototypes and mock ups. A large part of my job was designing fully customized white label sites for VM corporate clients. |
| 2007 - 2010 | Art Director VolunteerMatch.org | Managed the visual brand for VolunteerMatch, including creating the style guide and overseeing the creation of all brand collateral such as advertisements, icons, displays, and annual reports. |
| 2006 - 2007 | Senior Designer CNE Media | Designed a suite of sub brand sites and advertising collateral. |
